

Engineer's Report
For
Drainage District No. 60
Pocahontas, Iowa
2022

I hereby certify that this engineering document was
prepared by me or under my direct personal supervision
and that I am a duly licensed Professional Engineer
under the laws of the State of Iowa.

Drainage District No. 60
Pocahontas County, Iowa

Built : 1910

Last Time Cleaned : 1981

Last Time Reclassified : 1982

Dollars in the Bank : (\$6,786.30)

Acres in District : 11,066.83

Projected cost of 2022 Work : \$200,000.00

RoW on Ditch : 100' (50' each side)

Length of Clean Out : 38,600'

Average Depth of Clean Out : 2'

The Start of the ditch .

Some trees on the ditch bank will have to be removed.

Roles of barb wire need to be removed.

I would like to get the county tile crew in and fix this area before the crops are in.

About 800' of fence to remove on the north and west sides. Ditch needs to be straighten here also.

Banks are looking great and only about 0.5' to come out of the middle.

Cut 1.2' out of the bottom.
Sides are starting to slough off.

Many pipes will have to be replaced.

In sections 11 & 12 the middle is starting to meander and needs to be straighten when 1.1' is removed.

Cut 1.2 out and widen the bottom.

Cut 1.6' out of the middle.

Cut 3.4' needs to be removed and sloughs removed.

Surface drains need to be lowered.

Beaver Dams were taken out last fall and the spoil needs to be leveled in section 4.

Do not have your tiler throw your large rocks in the ditch.
