

Pocahontas County Economic Development Commission (PCEDC) is launching another **Jump-Start Accelerator Grant** application cycle to assist new startup businesses or business expansion projects in gaining capital to thrive within Pocahontas County. In an effort to expand our outstanding business community, we are offering a non-renewable grant of up to \$10,000 to at least one startup business or business expansion project in 2021-2022. In addition to grant funding, we are also offering no interest or very low interest loans to help support as many business ideas as we can. If you have a good idea for a business, the background to make it happen, and the passion to follow through with it, we are eager to help. Pocahontas County Economic Development will provide support as needed through our network of partners, including the opportunity to participate in business training through Iowa Central Community College and the Small Business Development Center. Each recipient may be paired up with a local business mentor as requested. Applications will open on September 15, 2021 and close on October 15, 2021.

## Timeline
